

Adopt a Camp Perkins Summer Staff

Fill a footlocker!

**Wouldn't you, your family, or your church small group
like to "Adopt" a summer staff?**

These dedicated young adults - counselors, camp assistants, program staff- come from across the country, and have traveled far from family and friends to be in Idaho.

Creating and fostering a vision for ministry here at camp takes many people sharing their hearts and lives. Our Adopt-a-Summer-Staff Program encourages our summer staff in their ministry and helps them connect with the lives of the families they serve.

We'd absolutely love to see all 40 of our summer staff members "adopted!" Duties of an adoptive family, group, or individual could include praying for your staff member, sending them an encouraging card or note sometime during the summer, or sending a care package. The ideas are endless! Contact info@CampPerkins.org for more information!
